PLATINUM FOX Pelt

SOLD FOR \$11,000

Annual production of fox pelts in New Brunswick averages 40,000 with a value in excess of \$100,000, according to the Resources Department of the Canadian National Railways. One of the ranchers has developed a strain of platinum fox, that has created a great deal of interest. "A platinum fox pelt recently shown on the New York fur market sold for \$11,000 and other types bred in New Brunswick are peal platinum, white-faced silver and also white-faced crossed foxes."

Handle Information on War Prisoners

This small group of persons are at the head of the Central Information Bureau for Prisoners of War, which has been established in Geneva by the International Red Cross. This information bureau endeavors to obtain information concerning prisoners of war for their relatives and also sees that the prisoners obtain letters from home. Left to right they are: Mrs. Fickrammer, Jacques Chaviers, author and president of the bureau; Fred Barby and Prof. Max Huber, president of the Central Committee of the International Red Cross.

WE'RE SORRY

Due to the fact that The Star office has been kept busy night and day (literally and truthfully) for the past week, this week's issue has been reduced to four pages, but now that the big election rush of the past, we will resume our usual eight-page-all home print—paper with the next issue.

Untimely Passing Of Edgerton Infant

A life scarcely begun was ended with the passing of little Larry Edgerton, the eldest son of Mr. and Mrs. Morley Edgerton, popular young couple of Edgerton. His death occurred in an Edmonton hospital early on the morning of Thursday, February 22nd, from various complications following an operation. He would have been three years old on March 7th next. The funeral was held in St. Mary's Anglican Church, Edgerton, on Saturday, February 24th, at 2 p.m., with the vicar, Rev. A. A. Court, conducting the services. So large a crowd gathered to pay their respects that the accommodation of the church was entirely inadequate, and many had to wait outside despite the cold. Numerous beautiful floral tributes banked around the tiny casket spoke silent messages of love and sympathy and spiritual comfort was the keynote of the brief but eloquent address to the mourners by the vicar, Messrs. R. Ayra, D. Sawyer, M. Nichol and G. Bulmer were the pallbearers and interment was in the local cemetery. Community-wide sympathy is extended to the sorrowing parents and baby brother John, aged 16 months, as well as many other relatives in their untimely bereavement.

ODD ACCIDENTS

The youthful credulity of 3-year-old Bobby Brown, of Broadbent, N.Y., has suffered a setback. When Bobby's mother, noticed to him, "Ding-dong bell, pussy's in the well," he assumed she was making a statement of fact, and not indulging in mere nursery rhymes. So he pried off the wooden cover of the Brown well and, as he looked over the edge, he fell in and struck several jagged rocks protruding from the sides of the well before landing in the deep water eight feet below.

Timely Advertising

Victoria, B.C., situated on the ever-green Vancouver Island, believes in advertising its summertime climate. Recently Toronto pedestrians, battling a blizzard to their offices and stores, were stopped in their tracks on seeing a magnificent display of flowers in the windows of The Daily Star. Picked the afternoon before from the gardens of the Victoria Horticultural Society, they had been expressed to Toronto with Trans-Canada Air Lines!

GREENSHIELDS

We are glad to know Mrs. Plater is feeling better after a recent heart attack.

Members of the Go-Gutters Club met at the hall Tuesday evening. After the regular business meeting, all enjoyed their games of bridge, monopoly and Chinese checkers.

Mrs. Somick, Elsie and Jessie spent the week end in the city.

We are glad to see Pauline Lodge home from the hospital after a short illness.

Mrs. Roy and Milton Loyie returned to their home at Ardian after spending a short holiday with Mr. and Mrs. Henry Martin and family.

Don't forget you've a date with us at the hall at 8:30 p.m. on Friday, March 2nd, to see the play, "Black Cat," presented by the Greenshields Go-Gutters.

Welcome Newcomer To Wainwright

This week sees the coming to town of Mr. Jim Watson, well-known plumber, tinsmith, etc., who has been in business in Edmonton previously. He is highly spoken of among the lines of his calling and is anxious to meet the public generally.

This gentleman has purchased the business which was carried on for many years by Mr. Frank Fish, and we welcome the newcomer to our midst and bespeak for him the patronage along his line of endeavor.

At present we have no knowledge of Mr. Watson's plans, although we hope to see him leave town, we extend the best there is for him and his family wherever they may locate for the future.

Last Call Home Improvement Loan

Notes should be taken by all prospective home owners who desire to qualify for tax payments under Part III of the National Housing Act.

1. That under recent regulations construction of the new house must be commenced not later than May 30, 1940, in order to qualify for these benefits;

AND

2. That the commencement of construction is interpreted as meaning the laying of the footings, and that construction must be reasonably continuous thereafter.

All persons, therefore, who desire to avail themselves of these tax benefits under Part III of the Act, and who also contemplate financing their new homes under Part I of the Act, should make their applications under Part I, sufficiently early to allow for final approval of their loans.

Otherwise, applicants may find themselves in the unfortunate position of being unable to proceed with the construction without jeopardizing their chances of securing loans under Part I, and unable to delay construction without forfeiting the benefits provided under Part III.

Final approval may take from two weeks to two months, depending upon location, plans, specification, credit of borrower and builder, etc., and prospective home owners are therefore urged not to delay in making their loan applications.

PILOTS' UNIFORMS DECEIVE SOLDIERS

Recruits in the various units stationed in barracks throughout the Dominion are not quite aware of some of the uniforms of their officers. It is obligatory for soldiers to salute their superior officers whether they are officers of the army, navy or air force. Pilots of Trans-Canada Air Lines and Prairie Airways Ltd., whose uniforms bear striking resemblance to those of naval officers, have had many a chuckle to themselves after soldiers, just to be on the safe side, have honored civilian pilots with salutes.

SPORT FOR CANADIAN SOLDIERS

While waiting to go to the western front to do battle with the Germans the Canadian troops now training in England, entertain themselves with hockey after drill periods. The teams have been organized in a sort of war league. They play at the Harrington arena, where this picture was taken. It shows G. H. Perry, left, of Winnipeg, Canada, having his goal kept adjusted with the aid of a comrade in arms.

Red + Notes

A very successful tea was staged in the L.O.O.F. hall on Saturday last in aid of the work of the Red Cross, when approximately forty dollars was added to their funds.

The tea was convoked by Mrs. O. Hannah, assisted by Madams Good, Schlitt and Horby, and was well patronized. Mrs. T. E. Armstrong and Mrs. C. McElrath, assisted by Mrs. W. Clark and Mrs. W. Huntington, served Mrs. W. Clark, Mrs. E. Thierney, Mrs. F. Stevens, Mrs. E. Springbett and Miss L. Mabey had charge of the tea tables, and they were kept busy all afternoon.

Great interest was shown by the many callers in the variety and the quality of finished Red Cross work displayed, and many favorable comments were heard. Many willing helpers took the opportunity of getting another supply of wool and material for further work along these lines, and education of Crippled Children in Alberta.

During the affair a couple of nicely rendered solos were given by Mrs. W. Huntington, with Mrs. W. Clark accompanying and Mrs. Albert Rattray played a number of piano selections. All of these offerings were appreciated.

The committee of the local branch wish to express their full appreciation for all the efforts put forth in answer to their appeal for assistance in this effort.

Our lady readers are asked to remember that the committee are in the Red Cross room in the Federal Building each Saturday afternoon, to receive finished work for sending to the headquarters and to give out further supplies for making up.

SCOTCH KILT IS NOW REPLACED

Ottawa.—Although the kilt is no longer fashionable fighting garb in the British Army, it is known that one Scottish unit sailing with the first division of the Canadian Active Service Force were the beloved argyll. However, this garment has now been discarded for the new battle uniform in order to establish and to maintain a standard in dress.

Successful Drive By Local Veterans

The Wainwright Branch of the Canadian Legion chose a novel way of raising money for the nationwide drive for funds for the Canadian Legion War Services, Inc., which took the form of a picture show and quiz programme at the theatre last Monday, Tuesday and Wednesday, Feb. 19th, 20th and 21st.

Due largely to the generosity of the business people of Wainwright, who kindly donated all the prizes, advertising, etc., and there were lots of prizes, and to the favorable terms for the show granted by the theatre management, the local branch of the Legion was able to send a substantial contribution to the thirty thousand dollars which is Alberta's quota.

The quiz programme was well handled by Frank Morris, and George Olsson, President of the Wainwright Branch of the Legion, made snappy little speeches each evening, briefly outlining the aims and objects of the drive.

Our space does not permit of listing the numerous winners, or the prizes which were won, but the fact that the drive was a success is a result.

Mr. and Mrs. Cork and family left last week for California by motor for a holiday in the south country.

Jr. Hospital League Sponsors Dog Show

Edmonton, Alta.—The seventh annual dog show in Edmonton will be held March 25 and 26 at Memorial Hall, Edmonton. Last year's out-of-town entries were double the total in 1938, and another increase is expected this year. Cancellation of big shows in the east, due to the war, is resulting in substantial numbers of entries here so that dogs can continue to win their points in national standings. Mrs. John Procter, 12720 Stony Plain Road, Edmonton, is sending entry forms and premium lists to applicants. The show is sponsored each year by the Junior Hospital League and all proceeds go toward the treatment and education of Crippled Children in Alberta.

Bargain Rail Fares To Pacific Coast

Wainwright, Man.—An opportunity to spend the Easter vacation at the Pacific Coast at low cost is offered to residents of the Prairie Provinces by the Canadian National Railway, according to an announcement made today by R. Creelman, passenger traffic manager. Arrangements have been made to operate one of the popular low cost travel bargains from stations in Ontario, west of Port Arthur and Armstrong, Manitoba, Saskatchewan and Alberta, to Blue River, McRae and west, to Vancouver and Victoria.

These low fares will be available during the period March 15 to 23 and will permit of a stay of 30 days. Stopovers will be allowed at any point en route.

Travel will be good in all classes of accommodation, and with the opportunity of spending the Easter vacation and an early spring holiday at the Pacific Coast, the railway is making plans to handle record crowds.

Similar low fares will be available to residents of the Pacific Coast who would like to visit the Prairies, whether on business or pleasure.

HISTORY MAKING R.C.A.F. SQUADRON GOES INTO ACTION

Ottawa.—The formation of the 110th Army Co operation and its selection for active service overseas is a new page in the history of the Royal Canadian Air Force. When this squadron goes into action it will mark the first time in the history of Canadian aviation that Canadian airmen have served overseas as a unit of the R.C.A.F. Fittingly, this squadron has its own theme song, a rollicking, fighting ballad sung to a lively tune. Its composer is a member of the squadron. Flying Officer William W. Macdonald, of Owen Sound, Ont., with whom was associated Pilot Officer Harry Ashley Hornell, of Montreal. Words of the song follow: "We've Got A Lovely War to Win."

Pompey, Darius and Cyrus
Were all defeated by us;
Ghenghis Khan and Alexander
Really lost the wars they won.
Living in the world today
We'll never last as long they did
Now that we are on our way,
Chorus:
Up boys, into the blue sky,
Up boys, that's where the foe fly,
Up boys, we've got a war to win!
We'll make history tremble
With our might, and assemble
On the streets of Hitler's old Berlin;
We're the eyes of the forces;
Instrumental resources,
Fighting our action can't begin;
And when we convince the Nazi
His government will collapse
In every hour there'll be a maiden—
won!
We've got a lovely war to win!

GOOD GOVERNMENT

No editor has a right to say, "We must give our people what they want to read." Curs is a profession, not a mere business. We are not dealers in self commodities. We are above the plane of hucksters and peddlers. We must give our readers better things than they want because we want them to become better men and women than they are. We represent one of the most powerful agencies in Canadian public life. We preach to teach folks who were denied the opportunity of school and university. We make the mental food upon which men's and women's souls are fed and healed. It is our duty to make our readers' interest broader, their world wider, their tastes appreciative of the finer things of life. Make those readers think. Unless our newspapers do this our dreams of democracy will never be realized. Unlimited publicity of the right kind is the lifeblood of a people's government.

The DIAL REVIEW

by Walter Dales

Radio listeners who send questions concerning life insurance to "Information Please" need not be surprised if they are answered with dispatch by that expert on miscellaneous subjects, Franklin P. Adams. It so happens that the noted columnist who is regularly heard on the Tuesday night "stump the experts" program was for three years an insurance salesman. Followers of the "Information Please" show from CICA, Mondays at 9:30 p.m., get a pretty good picture of Franklin P. Adams from the way he mixes wit and wisdom in answering questions. The same qualities are apparent in his daily newspaper column, where he has been host to such celebrities as Dorothy Parker, Arthur Guiterman and Deems Taylor. As yet he has not gone overboard on "Information Please," though his column has sponsored movements against such annoyances as dry sweeping and people who do not post visible house numbers on their doors. Since leaving his home town he has written a number of books of light verse and parodies, most of which have been compiled from his column. With the late O. Henry in 1906 he wrote a musical comedy "Lo," and with Montague Glass, George Kaufman, Ring Lardner and others he wrote "The 40-ers" which was produced. Another personality of the "Information Please" coterie is Clifton Fad-

rian, who acts as master of ceremonies. Fadiman doesn't have to worry about occupying his leisure time. He has a multitude of interests, and he finds spare time the least of his worries. Outside the studios he occupies himself in several ways. Literary critic for the New Yorker, he writes the had reviews for this sprightly publication, covering from one to four of the most important books of each week's crop. In addition, he reviews rom ten to 25 non-fiction each issue. He is also a prolific writer and is publishing another book about cheese the study of which is his favorite hobby. Last year he travelled between 30- and 40,000 miles lecturing. This year his mileage record will not be quite so large because of his broadcasts; it will still take some of his time. Whatever time is left he shares among chess, tennis, ping-pong and bicycling. He is in his early thirties, had a burning ambition to be "an actor of small, humorous parts."

OSCAR LEVANT, another luminary frequently appearing on "Information Please" performs two valuable services on the program. His replies to Fadiman's questions provide a good share of the broadcast's good humor, and whether it concerns a minor theme of some seldom played concerto or a current torch song, he almost invariably knows the answer. And that should be enough information on "Information Please" for one week at least! At church on Sunday last; heard a sermon on the radio. Heard a poem that went something like this: "If radio's slim fingers can pluck a melody From out the sky and wait it o'er continent or sea; Are wafted on thin, white air; Then why should we mortals wonder 'If God hears prayer?' Se you next week—I hope!

worldly wise, "surely you don't think town people are as smart as city folks. They don't get a chance to read like we who have a big city library; they don't meet as many people; they don't hear many lectures. How can they be as mentally alert as we are?"

"Well," I said, "I didn't say they are as clever as city people. Matter of fact, it seems to me they are a darn sight smarter! Maybe they read fewer books — but they read them more carefully. They don't meet many people maybe, but they know their neighbors a whole lot better, and learn more about humanity. That is what I'd call being mentally alert—knowing your neighbors, and knowing what's doing in your own community. The Home Town weekly paper doesn't need to create its pages with comic strips, because the country editor knows home town folks want real news and features with some good red meat in them. A paper to read from cover to cover and really get something out of.

And as far as lectures go, they hear lots of them. Most every Home Town family has a radio—and I notice the program "Information Please," from CICA, is mighty popular in the Home Towns of Alberta, and that a good many of those questions that stump the experts come in from Home Town — not cities.

Mind you, I don't mean city folks aren't clever. Sure they are. But they don't get a chance to think as much. They've too many places to go, too many bridge games to play. But if they really want to brush up their mental faculties, I've a hint for them. Take a month's holiday in Home Town—and read the Home Town paper every week!"

CERTIFIED SEED

MAKE plans early this year to harvest a bumper crop of smooth, clean, high-quality potatoes. Good seed is the first requirement for an excellent crop... because only good seed will grow vigorous plants, plants that can withstand most of the serious diseases common to potatoes.

Canadian Certified Seed Potatoes are good seed potatoes. By planting them, many of the losses due to disease will be avoided... higher-quality, cleaner, smoother, more uniform potatoes than those grown from ordinary seed stock will be produced. So, this season, harvest four potatoes—and more of them. Plant Canadian Certified Seed. Grow potatoes that will grade Canada No. 1. Canadian Certified Seed Potatoes are available in all standard varieties. Be sure to select the variety most suitable for your locality. Ask the local District Government Inspector, Plant Protection Division, for full information and list of nearest distributors.

Food supplies are important in wartime—
This year, plant and raise only the best.

AMONG THE OLD-TIMERS

"REMINERS OF OTHER DAYS"

TEN YEARS AGO

Miss Charlotte Girard left at the week end for St. Paul, where she will attend private school.

St. Luke's R.C. church held their annual card party on Wednesday evening, with Mr. W. Goulet as M.C. Prize winners included Mrs. A. Girard, Mrs. M. Peterson, Mrs. E. Canderton, Mrs. W. D. McKay, Mr. A. S. MacLellan, Mr. F. Seabrook, Mr. H. McCrystal, Mr. O. Croless.

Miss Isabel Glover and Mr. Jack Hadyn were married at St. Thomas Anglican church on Tuesday.

At the week end, Mr. Herb Wilson moved his family to the apartments above the Federal Building.

While tobogganing on Sunday, Gerald Gidding had the misfortune to run into a tree, badly injuring his face.

In search of better health, Mr. A. J. Martin left for a visit at the coast.

Mrs. J. L. Daugherty left for Montreal on Sunday's train to join her husband.

Mr. Norman King was taken to Edmonton last week for special medical treatment.

Mrs. J. Cuthbertson and children returned after several months spent at the coast. They have taken up residence in the Torry house on Main Street.

While at work at the Peninsular Oil site, Mr. Verne Guthrie had the misfortune to badly smash his hand.

Mr. L. Milner left this week for Edmonton, where he has joined the travelling staff of the Royal Fruit company.

Mr. and Mrs. W. Preston, who last week sold their house and furniture, are leaving shortly for B.C. for the sake of Mr. Preston's health.

Upon receiving the news of the serious illness of her brother, Mrs. E. Frickleton left for Medicine Hat but unfortunately was not able to reach his side before he passed away on Saturday.

FIFTEEN YEARS AGO

Mrs. M. McLean returned this week from a visit agent with relatives and friends in Ontario.

The Elite theatre was filled to overflowing on Wednesday evening, when St. Luke's R.C. church staged their annual winter drive. Mr. Leroux acted as manager and prizes were awarded to Mrs. J. Slinert, Mrs. J. Sutherland, Mrs. T. Lashmore, Mrs. G. Gregson, Mr. W. Huntingford, Mr. H. Richardson, Mr. H. Ward and Mr. G. Siddall.

To date there has been a snowfall of 52 inches this winter.

After a couple of months spent in aid Scotia, Mr. Andy McLean returned to town at the week end.

A charity whist drive was held in the hotel dining room under auspices of Adeline Reddish Lodge. Prize winners included Mrs. W. Yeager, Mrs. W. Carrell, Miss C. Mills, Mr. C. Church, Mr. W. Huntingford and Mr. H. Richardson.

up, everybody, this time next week it will be March, and we shouldn't get anything very severe then—or should we? Only time can divulge so deep a secret.

Harry Moore, of Wetsakivik, and at one time the teacher at Saddle Hill is visiting with the Howard Gilbert family.

Mrs. H. A. Kelly has been in Edmonton for the last ten days or so visiting her sister and daughter Kathleen. She planned to take in the winter carnival and that much-discussed movie, "Gone With the Wind."

Several sport events were cancelled during the latter part of last week as a gesture of respect to Mr. and Mrs. Morley Donnelly, whose little son's death and funeral are recorded elsewhere in this edition.

Mr. James Donnelly, of Winnipeg, is staying with his son Morley and family. He arrived in time to attend the funeral of his grandson.

Mrs. John Challenger returned on Saturday from Wainwright, where she has been visiting her daughter and son-in-law, Mr. and Mrs. M. D. Meade. It was an unpleasant homecoming, for she found her husband far from well and within an hour or two he was taken to the Wainwright hospital by Dr. Aylesworth.

That vicious little "flu bug" is still doing his stuff and several members of our townspeople are confined to bed. The last batch of victims, however, is gradually getting back into circulation, which is something to be very thankful for.

We understand that quite a few pupils have enrolled with the Frater School of Music which teaches by the group method, and classes will be commenced in the near future, when the agent now in the district has completed his list of enrolments.

Miss Corcoran, the intermediate room teacher, returned to her duties Monday last after quite a severe bout of chickenpox.

The monthly meeting of the Red Cross branch in this district was postponed on Saturday last and will be held Friday afternoon of this week in the local theatre, and not at the United Church as previously arranged. We understand that the drive for funds is going forward successfully, but to date the objective has not been reached, and aid is still urgently required for this very worthy cause. If you have delayed tithing or sending in your donation, however, small, the committee in charge will be truly grateful if you will remember, the very first opportunity you have to do so.

Mr. and Mrs. Ralph Challenger, accompanied by Mrs. John Challenger, motored to Wainwright on Sunday to visit John in hospital. It is understood that he is "doing quite nicely, thank you."

We noticed that the P.M. had one or two fingers patched up with adhesive the other day, and, BEFORE we could enquire, he volunteered the information that this beastly cold weather does chap one's hands. Yes, it does, but just the same, we cannot help, well—sort of wondering. You are probably thinking exactly as we did.

Mrs. Jim Ward was a visitor at the home of Mrs. J. Pawling at the week end.

Farmers...BORROWERS

Like ploughing and harvesting, the seed to borrow for productive purposes occurs with the seasons.

There are numerous purposes for which you may wish to borrow: to meet seed and harvesting expenses; to purchase fertilizer and equipment; to purchase and feed live stock or to finance shipments of livestock,

poultry or other farm produce to market; or to undertake farm improvements under the Home Improvement Plan.

Our local branch managers are familiar with the needs of farmers in each locality. They welcome applications from credit-worthy borrowers for loans having a constructive purpose.

Ready
AND ABLE FOR THE
BIG TASK AHEAD

With silent yet perceptible determination and without need of regimentation or special organization, the Canadian Farmer has accepted the responsibility which is his, to maintain a ready abundance of the vital foodstuffs so essential for the Empire and the success of its great cause.

Difficulties and disappointments may have impeded his progress through the trying years from which he is just emerging, but provided, as he now is, with purpose nobler than self-interest, he sets himself to the task with loftier ambition and renewed energy. Eager he is for that conscious recognition within himself of having a definite and necessary part in the Empire's struggle to retain and maintain our dearly won and highly treasured freedom. Zealous is he that his contribution may be worthy and adequate.

By his side ever ready to help make more effective the farmer's effort is the Canadian Implement Maker whose co-operation in furnishing the most efficient machines enables him to multiply his output and extend his activities so that today he produces more with less manpower and in the most economical manner yet attained.

Never were demands of Empire more urgent—never was the Canadian farmer better fitted or better equipped to meet whatever demands may be made. Massey-Harris prizes proudly the distinction it has earned as—"The Service Arm of The Canadian Farm."
